WHY ODL

INNOVATION, DESIGN, AND PERFORMANCE

DOORGLASS FRAMES

For nearly 80 years, ODL has been manufacturing top-rated doorglass framing systems, and we offer the widest array of doorglass frame styles, colors and materials in the industry to meet specific needs.

INNOVATION

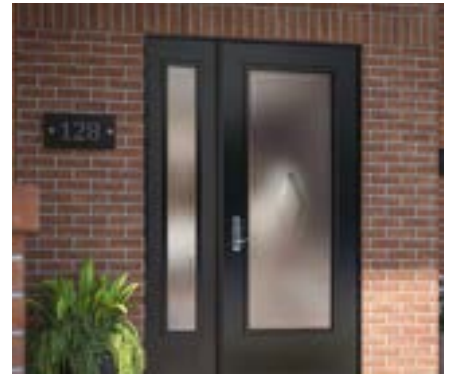

ODL continues to reframe innovation and design with ZEEL®, a sleek, versatile frame that eliminates the need for screws and screw hole covers with an innovative clip system. Resolve® Sealant eliminates messy wet glaze and won't degrade over time.

DESIGN

Whether you choose to highlight a specific architectural style with our Spotlights® line or want the sleek, minimal look of ZEEL, ODL has the right frame to complement your design choice, whether it be classic craftsman or contemporary, or somewhere in between.

PERFORMANCE

Rigorous third-party testing assures that product performance meets design intent. ODL frames are tested to meet and exceed the North American Fenestration Standard (NAFS) for doors, including structural integrity, resistance to water penetration, air leakage and forced entry.

DESIGNED FOR SECURITY. ENGINEERED FOR STRENGTH.

IMPACT RATED DOORGLASS

ODL Impact Rated doorglass is designed for hurricane-rated doors, especially for homes in wind-borne debris regions or high-velocity hurricane zones (HVHZ). The severe weather products meet wind-borne requirements in areas where wind speeds can exceed 180 mph, Design Pressure (DP) ± 66 psf, and wind and missile impact code requirements. The flat profile frame laminated severe weather door lights are certified to meet Florida Building Commission codes. Please go to odl.com/impact-standards for the most updated product certifications.

MISSILE IMPACT TESTED

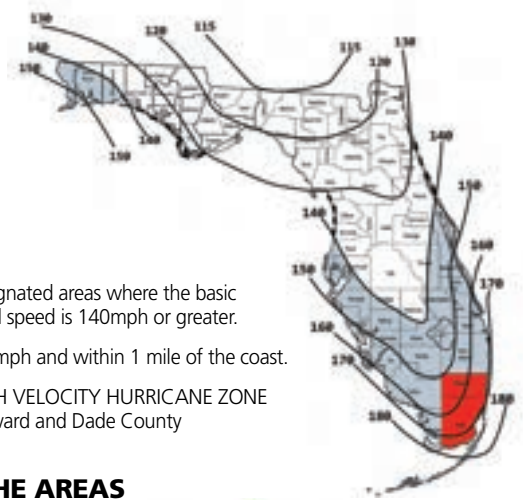

The Level D missile impact test involves firing an 8-foot long 2" x 4" at 50 feet-per-second at designated spots on the doorglass and door slab. The entire unit must remain intact through 9,000 pressure cycles, and also pass water-infiltration, structural loading, and forced air-infiltration tests.

ALUMINUM FLAT PROFILE FRAME

TEXAS DESIGNATED CATASTROPHE AREAS

IMPACT RATED LAMINATED GLASS

ODL Decorative Doorglass, Blinds, and Grilles are sealed between **IMPACT RATED LAMINATED GLASS** on the exterior, and **TEMPERED SAFETY GLASS** on the interior.

FLAT FRAME PROFILE OFFERS STRENGTH AND QUALITY

- Flat profile for a wider range of architectural applications
- Low 3/8" profile
- Longer screws reduce potential strip out
- Flat screw hole covers install flush to frame
- White powder coat finish on aluminum frame can be painted
- No shop-related Dow 995 application required
- Meets Florida severe weather design pressure requirements +66 psf, per Florida Component Approval FL14935
- Product certification information available under:
Florida Building Code approval FL14935.1, FL14935.2, FL14935.3, FL14935.4
Texas Department of Insurance approval DR-557, 625, 633, 634, 691, 692

ADDED VALUE OF NOISE SUPPRESSION

ODL IMPACT RATED DOORGLASS provides you with a quieter solution over storm shutters: they carry a sound transmission class rating of 37 dB for a level of sound suppression that is welcome year round.

Third party test reports are available at: odl.com/stc

Meet **KATIE SPONSELLER**, our Corporate Decorative Glass Designer. With over 15 years in the building products industry, She leads the charge in glass innovation at ODL while focusing on design trends in the housing and decorative glass market. Katie is motivated by design that has purpose and function that pleases the eye. She finds inspiration all around her and isn't too busy to stop and snap a pic of an interesting pattern, even if it's her bowl of ramen. When inspiration hits, you'll find Katie sketching with her music loud and her drink hot. She loves experimenting with new materials and processes that lead to exciting design innovations. Katie is pushing the envelope of what we can do with doorglass design. Her latest concepts will be on display at the International Builders' Show. See for yourself, go to event.odl.com/ibs.

DESIGN & INNOVATION

LEADING THE WAY IN RESIDENTIAL DOORGLASS AND PRIVACY SOLUTIONS.

From the creation of the first doorlight on record in the early **1950s**, we've been committed to building value through innovations in materials and manufacturing processes.

- 1960s** Embraced a new technology as we shifted from producing wooden frames to injection-molded frames
- 1970s** Produced the first doorlight with insulated glass
- 1980s** Added decorative doorglass to our offering
- 1990s** Started producing enclosed blinds
- 2000s** Launched a new frame with foam in place gasket technology, including our three-part TriSYS frame
- 2010s** Introduced our Evolve® frame with Resolve® Sealant and launched ZEEL®, our best performing frame
- 2020s** Expanded our ZEEL offering and stylized glass designs

We also build value into our products through research and design. ODL knows trends and technologies that produce products for the times—and sometimes designs that push the times. We aren't afraid to be the leader. When you buy from ODL you are buying from more than just a manufacturer. We've done the research and spot the trends so you can trust that you are not only receiving a well-built quality product, but one that will meet your needs.

ODL continues to keep its sights on what is ahead. We recently made significant investments in our test and validation lab so we can continue to bring you the quality high-value products you expect from ODL.

DOORGLASS PRIVACY

As ODL continues to add a variety of doorglass designs with different types of glass, our customers are asking questions about how we determine our privacy levels. With no industry standard, every manufacturer is free to determine what the opacity or privacy level is for their doorglass. We are pleased to announce that we are leading the way with a standard test using a spectrophotometer to produce an objective number for every glass, every time.

We've eliminated arbitrary numbers, simplified our privacy levels to four categories, and show visual examples for each level of privacy. See for yourself, watch the video.

When **CY MULDER** opened a small woodworking shop nearly 80 years ago, he did so with the intention of creating products that truly make your life better. This belief remains our guiding principle under today's 3rd generation of ODL family ownership. We build value into more than just our products. We are committed to excellent service, defect-free products, and on-time delivery so that you can confidently trust ODL. We couldn't do that without our amazing employees and partners.
